

Karen Gordon is a Notary Public instructor with almost two decades of experience in teaching the course. She has taught for Forsyth Technical Community College as well as several other colleges through the years. Karen fully realized the importance of having competent notaries during her 27 ½ year career working in the Forsyth County Register of Deeds office. That work experience led to her passion of teaching future notaries and her emphasis to her students on the harmful results of improper and illegal notarizations.

Karen has been a member of the NCNA for many years. Having formerly served as their Historian and currently serving as the Notary Public Instructor Liaison. In the past she has served as a director (and officer) on the Board of Forsyth Co. Employees Credit Union, Secretary/Treasurer of District III of the NC Association of Registers of Deeds, member of the Mt. Tabor/Vienna Volunteer Fire Department Ladies Auxiliary, member (and VP) of the Legal Support Staff of Winston-Salem, and on various other community volunteer organizations. She is a lifelong resident of Forsyth County and is married with one daughter.
